RAIN FOREST

Finally, you'll never have to compromise performance for the beauty of a laminate shingle. The Legacy<sup>®</sup> is a truly revolutionary laminate shingle from Malarkey that combines the strength of SBS "rubber" modified technology with designer appeal.

SBS "rubberized" asphalt endows The Legacy with the resilience to protect your home or building from the worst that Mother Nature has to offer. This laminate shingle is so flexible and workable, it can be installed down to 0°F (-17°C).

It also offers the protection of Class 4 Impact Resistance (UL 2218) which often reduces homeowner insurance rates. Contact your insurance carrier for available rate discounts. A Class 4 rating test utilizes two inch steel balls to simulate the wrath of nature's toughest hail storms, providing the highest classification under UL 2218. The Legacy meets or exceeds this standard, offering the best possible protection for your home.

But the strength of The Legacy doesn't stop there. Malarkey's enhanced asphalt extends the life of the shingle and improves its wind and hail resistance, features unmatched by any standard asphalt shingle. The SBS modified asphalt provides improved granule adhesion and tear resistance as compared to non-modified shingles.

For its beautiful appearance, we coat the SBS modified asphalt with the finest, color-fast ceramic roofing granules from 3M<sup>™</sup>. This ensures that the vibrant color you have selected continues to look good for decades. You can choose from nine unique colors to complement your home's personality.

Upon request, Malarkey equips The Legacy with the exclusive Scotchgard<sup>™</sup> Algae Resistant Roofing System from 3M which prevents tarnish and unsightly staining of your roof from algae growth. With such strong protection from 3M, Malarkey warrants The Legacy to be algae free for 20 years.

The Legacy is the strongest, most flexible laminate shingle in the market today. We back its performance with a 50-year limited product warranty, 110 mph (177 kph) limited wind warranty, 10-year transferable Right Start Warranty<sup>™\*</sup> and the Your Choice Warranty<sup>™</sup> program.

One of the most critical elements of a successful roofing project is correct installation of the shingle. Market research has shown that most laminated shingles are incorrectly installed due to improper fastener placement. The Legacy is constructed using patented Zone<sup>™</sup> technology which provides many features, including a nailing area up to 3 times larger than older style laminate shingles. This larger nailing area dramatically improves correct fastener placement.

- 50-year Limited Product Warranty
- 110 mph Limited Wind Warranty
- Your Choice Warranty<sup>™</sup> Program
- 10-year Right Start Warranty<sup>™\*</sup>
- Class 'A' Fire Rating
- SBS "Rubber" Modified Asphalt
- Extreme weather application ease
- 3M Granules for UV Protection and long-lasting color
- Available featuring Scotchgard Algae Resistant Roofing System from 3M with 20-year Limited Algae Resistance Warranty
- Class 4 Impact Resistant
- Equipped with THE ZONE<sup>™</sup>  
US Patent nos. 614265, 6397546  
Canadian Patent no. 2,277,494

## Test Standards

- ASTM E 108-91 Class 'A'
- ASTM D 3018-90 Type 1
- ASTM D 3161-97 Type 1; Class 'F'
- ASTM D 3462
- CAN/CSA A123.5M90
- UL 2218, Class 4 Impact Resistant
- ICC ER-5300

All Legacy colors available featuring the Scotchgard<sup>™</sup> Algae Resistant Roofing System from 3M<sup>™</sup>

Note: Sample pieces or photographs of shingles may not accurately represent the true color level or variations of color blends that will appear on the roof. Before installation, five or six shingles should be laid out and reviewed for conformity to desired color level. If color levels are unsatisfactory, advise your dealer before proceeding with installation. Colors and specifications subject to change without notice. 3M<sup>™</sup> and "Scotchgard<sup>™</sup>" and the Scotchgard logo are trademarks of 3M. Limited warranties carry terms and conditions. Contact your nearest Malarkey source for further information or on the Malarkey website.
